

top.TOPTW.getX

```
graph LR; A[top.TOPTW.getX] --> B[top.TOPTW.isDepot]
```

A diagram showing a call to the method `top.TOPTW.getX` on the left, which returns the value of `top.TOPTW.isDepot` on the right. A blue arrow points from the left box to the right box.

top.TOPTW.isDepot
